Profit With QBE NAU!**

Ensure Your Opportunity With FCIP

QBE NAU presents the opportunity to protect your crop from the start! With our new supplemental plan, Forward Contract Insurance Protection (FCIP), you'll be able to take advantage of the market conditions as they happen and market for success!

FCIP will provide an indemnity to you in the event you're not able to deliver contracted bushels insured under an MPC1 crop insurance policy.

FCIP is available in select states for corn and soybeans grown for grain with a Yield (YP) or Revenue Protection Plan (RP). You have the ability to purchase FCIP at a lower coverage level than your underlying policy.

FCIP is a private, limited liability insurance product; QBE NAU must confirm coverage in writing.
